

**Press Release**  
*For immediate release*

### **Tree removal work on chemin de la Mine**

**Chelsea, March 18, 2019** – The Municipality of Chelsea wishes to inform its residents that tree removal work along chemin de la Mine will begin on March 20 and will take place over a period of approximately four weeks. This work will be carried out in collaboration with the NCC and is required for the construction of the future bicycle network.

The schedule may vary depending on weather conditions and operational constraints, but will be from 9 a.m. to 9 p.m. to avoid any risk of congestion during traffic hours. Traffic will alternate using traffic signalmen.

The Municipality invites you to consult its Road Work section on the main page of the municipal website at [Chelsea.ca](http://Chelsea.ca) to be advise of any changed in the expected timeline.
