NOTICE TO REDUCE DRINKING WATER CONSUMPTION

Chelsea, August 14, 2024 – Due to the recent torrential rains, our team must undertake maintenance work at the filtration plant. This work is necessary to ensure the quality and safety of the water supply.

The Municipality is asking residents served by the water system to reduce their water consumption as much as possible during this period to facilitate these operations.

Please note that the water is safe and fit for consumption.

Here are some tips to reduce water consumption:

- Reduce the use of your household appliances (dishwasher, washing machine).
- Limit the duration of your showers.
- Avoid watering lawns or washing cars.
- Turn off the taps when not in use.

We thank you for your understanding and cooperation. Your help is essential for us to complete this work as quickly as possible.

For more information, please contact us at 819-827-1160 or by email at travaux.publics@chelsea.ca.
